Hi Neighbors,

I hope everyone has had a good summer. I wish I could say the same about our community where we seem to have had a few problems come up. To begin with, we have had a number of house and car break-ins. To make matters worse, a number of these break-ins occurred because people were negligent in leaving their homes and cars unlocked. When you go out, you must lock up. Also, you should get used to turning on your alarms. Snookie has formed small groups to show people how the use of lights with motion detectors on them can help prevent these issues. These lights, especially on the perimeter houses, can help a great deal in warding off potential burglars.

Another problem we are having is people using the pool that do not live here. In the future, if you have guests, please have one of the owners come to the pool with their guests so we know who belongs here. As most of you know, we have had trouble with our gate system. We are trying to repair or replace the system. At the present time, we are getting prices to replace the system. Depending on the prices, we might have to do it in stages. The gate system has taken many lightning strikes and is ten years old. We are working on the gate problem as well as all the other problems that have been coming up.

Have a good month.

Respectfully,  
Eric
